Summary

During my experience as a front-end web developer I have developed a wide range of vital skills. I am familiar with a variety of web languages and frameworks, and have an adaptable and enthusiastic approach to my work. I work well in a team, both as a leader and co-worker; I also work very well independently. I keenly follow current web trends and integrate them into my work; I aspire to always be at the forefront of these developing trends.

I am very passionate about my profession and I am keen to work hard and succeed in all areas of my life.

Experience

Redweb Ltd

Lead Front-end Web Developer

Bournemouth, Dorset — 2017-Present

Lead front-end web developer for Bournemouth based agency Redweb.

Propeller Communications Ltd

Front-end Web Developer

Rugby, Warwickshire — 2015-2017

By focusing on front-end web development, I have been able to increase my understanding and knowledge, and put my full attention into learning new frameworks, technologies and principles within the area.

During my time at Propeller Communications I have learnt how to work in an agency environment; working to tight deadlines, providing clear and concise instructions and following briefs provided by Account Managers.

Rapid Web Ltd

Full-stack Web Developer

Stafford, Staffordshire — 2012-2015

Whilst working at Rapid Web, I had the opportunity to work on a large variety of different projects, completing both front-end and server-side tasks as well as design work. Away from code I engaged heavily with clients.

Kaweb

Intern

Lichfield, Staffordshire — 2012

Whilst at Kaweb I worked on multiple different websites, turning Photoshop designs into pixel-perfect HTML/CSS documents for use within projects. This

experience offered me my first chance to use web skills gained within education.

Education

Staffordshire University

BSc (Hons) First Class Web Design — 2010-2014

I graduated from Staffordshire University in June 2014 with a BSc (Hons) First Class in Web Design. As well as learning a lot about different areas of web design and development, the course developed my skills in team-work, report writing and presenting to an audience.

York College

National Diploma in IT and Business — 2009-2010

Distinction, Merit, Merit grade for National Diploma in IT and Business.

Archbishop Holgate's School

11 A-C GCSE Grades — 2005-2009

Awards
